Who We Are

The State Line Rifle Association has been active since 1994. We are a grassroots non-partisan , equal opportunity organization. Everyone is invited to join regardless of race, gender, political affiliation, or religion.

Our Belief

That the Second Amendment was written to be applied for the individual citizenry of the United States of America. That it is the government’s responsibility to protect the nation and the general populace at large. That it is the government’s responsibility to protect those individuals who will not or can not protect themselves. It is the individual’s responsibility to protect themselves from an over powerful government as well as those who might bring them individual harm. That the responsibility to protect from imminent danger to one’s self, family, home, and property is an inherent basic human right.

Our Mission

Our purpose is to support and protect the civil rights and freedoms of all citizens protected by the Bill of Rights under the United States Constitution, particularly, the Second Amendment.
